

April 2013

MACHINE-TO-MACHINE

In January 2013 we launched our expanded portfolio of products and services under the Gemalto M2M brand. Cinterion® continues as a product brand for Gemalto's Cinterion® modules, Cinterion® MIMs, Cinterion® software and services – all under the Gemalto M2M umbrella. This highlights the M2M expertise reflected in the expanded portfolio.

Pursuing further harmonization of our appearance to the market, we will rename the legal entity Cinterion Wireless Modules GmbH to Gemalto M2M GmbH at the beginning of May 2013.

The ownership structure remains the same. Your existing contracts will stay in force and will not be subject to any changes. All official business documents will carry the new "Gemalto M2M GmbH" name whereas the company registration number, as well as approval, import and export license numbers will remain the same. Our legal entities in Brazil, China and the U.S. will keep their names.

Though the company name is changing and our technology continuously evolving, our dedication to you, our valued customers and business partners, remains steadfast. Gemalto M2M is the only “one-stop-shop” in the industry to serve all your M2M needs – from hardware and software to security and services. Our offering is unique in the marketplace and helps our customers and partners accelerate business growth.

All of us at Gemalto M2M look forward to working with you in the years to come!

With kind regards

A handwritten signature in black ink, appearing to read 'N. Muhrer', is displayed on a light gray rectangular background.

N. Muhrer

SVP Gemalto M2M
